

Management Liability Insurance

Company leaders are held to a high standard of accountability given their responsibilities and high-profile roles. Increasingly, owners, directors, and executives of private companies are facing litigation by a variety of stakeholders — including employees, customers, competitors, creditors, shareholders, and regulators. For many private companies and their executives, the costs of defending against such claims could be devastating. If their decisions are challenged through wrongful act allegations or a lawsuit, they need coverage in place to protect their personal assets and the financial interests of the company.

Protection for the personal liability of directors and officers, as well as protection for the company, is essential to prudent risk management. Recognizing this, Sovereign has created Sovereign Secure Pro: Management Liability, a modular policy designed specifically for private and not-for-profit companies.

Four core insurance modules

- ▶ Employment Practices Liability (EPL), including Third Party Coverage

Four key D&O coverage extensions:

- ▶ **Inquiry Costs (informal investigation coverage):** Separate limit covers pre-claim costs in response to a request or demand by an enforcement or investigative authority for an insured person to appear and answer questions or produce documents.
- ▶ **Side A Excess:** Provides a separate excess limit for non-indemnifiable claims against insured persons.
- ▶ **Retired Executives Automatic Extended Reporting Period (ERP):** Provides an automatic 12-month coverage extension for retired directors and officers to report a claim.
